Paul and Judy Snuffer

Serving with the EFCA for over 40 years ministering to missionaries and pastoring, Paul and Judy Snuffer are trainers certified by The Gallup Organization as StrengthsFinder coaches—ready to work with your leadership teams of staff to help discover their strengths.

To be the best I could be as part of a ministry team at my church, I needed to understand myself and my teammates. This is where EFCA CONNECT and Paul and Judy Snuffer came in. They showed us how to work as a team based on our strengths. Before, we were a team in name only. Now we are a team.
