

The EFCA exists
to glorify God by
multiplying healthy churches
among all people.

“Two years ago God brought me face-to-face with my desire for control. God used this realization to challenge my wife and me to plant a church. Since beginning this journey, God has reminded us that He transforms lives and that He is in control. Taking this risk has placed us in a position of dependence upon God.”

Jay and Megan O'Brien, Scarlet City Project, Columbus, Ohio

The EFCA is a gospel-centered movement transforming lives that impact and change communities and institutions worldwide, in the power of God's Spirit. God designed the church to impact not only those who attend, but whole communities and regions from which those people come. For too long we have focused on ministry 'in the church' and forgotten that God has placed us in neighborhoods and workplaces and given us unique circles to influence where we can be His representatives. Gospel-centered churches care for the things that God cares for. In Isaiah 58, the prophet speaks of God's heart for the hungry, the poor, those without shelter, the oppressed and the hurting.

FAIRSHARE is about joining together as a movement of gospel-centered churches to increasingly love Christ, proclaim the gospel of Jesus Christ, and submit to God's Spirit as He chooses to work in and through us to transform lives, communities and institutions, worldwide. It's about churches where Jesus is always at the center, where a focus on Him is never lost in our programming and priorities, where being His salt and light in communities is our daily goal, and where congregations literally touch whole regions for Him.

Our FAIRSHARE Vision is Simple

We believe that each church should participate in the EFCA's investment of sowing the seeds of the gospel of Jesus Christ, and reaping the fruit of transformation that is accomplished through God's Spirit. One of the ways that investment happens is through **FAIRSHARE**.

FAIRSHARE asks for 1% of your church's annual operating budget to be sent to the national and international work of the EFCA. This leaves 99% for your church and your district (each district requests a specific percentage for the district-level sowing and reaping).

It's easy to invest through **FAIRSHARE**. Simply complete and mail the enclosed card. You can also make your commitment online, at <http://my.efca.org/netcommunity/fairshare>. Each church can decide when and how to make their **FAIRSHARE** investment. It can be monthly, quarterly, semi-annually or annually. Whatever is most convenient for you.

Thank you for making an investment with us in proclaiming the gospel and rejoicing in God's fruit of transformation. Your **FAIRSHARE** contribution will help transform lives, communities and institutions, worldwide.
