Recovery Success:

Recovery success comes as we do our ministry with excellence as unto the Lord. The results are in His hands. Success can not be measured by the response of the couple.

Dear friend, you are faithful in what you are doing for the brothers, even though they are strangers to you. They have told the church about your love. You will do well to send them on their way in a manner worthy of God. It was for the sake of the Name that they went out, receiving no help from the pagans. We ought therefore to show hospitality to such men so that we may work together for the truth. III John 5-8
